I DROVE INTO THE PARKING LOT of the 4th Line offices just now and was confronted by a 10 foot wall of snow! It was a shocking sight and immediately I pictured bright sunshine, blue skies and green grass, all things we are lucky to have in abundance at the Winslow farm in the summer. I am so looking forward to summer 2023. This will be the first summer in three years which will feel truly 'normal.'

And the excitement is building with a world premiere play and a beloved classic, on the barnyard stage!!!!

We begin our 4th decade of producing epic theatre in July with the world premiere of D'Arcy Jenish's *The Tilco Strike*. The play explores the true story of the Tilco Plastics strike in Peterborough in the 1960s. It is a fascinating story of 35 women willing to risk it all to earn a living wage while a community rallies around them.

In August, I will be directing Robert Winslow's seminal play *The Cavan Blazers*. With a cast of 50 actors and horses, chickens, burnings, this play is the original epic show at 4th Line Theatre. It explores the conflict in the township between Protestant and Catholic in the 1850s. *The Cavan Blazers* was last seen 12 years ago, make sure you don't miss it this summer!!!

Two very different plays, that at their core explore the two-sides of the coin of the collective.

Robert and I invite you to the Farm in 2023, to once again sit under the blue skies of an Ontario summer and experience the very best of what we do - create epic Canadian theatre.

# Give 'em Hell

Written by Madeleine Brown  
Directed and Dramaturged by Aaron Jan

Inspired by real-life student activism, *Give 'em Hell* is a new play that retells the final school year leading up to the 2012 closure of Peterborough Collegiate and Vocational School (PCVS).

Written by Peterborough-born, award-winning playwright Madeleine Brown and featuring a cast of eight local teenagers, *Give 'em Hell* explores the power of youth activism, the perils of self-discovery and what it costs to stand up for a cause.

The play will be staged in a surprise location in downtown Peterborough and accompanied by an exhibition of archival materials from this monumental turning point in the school's history.

"Madeleine Brown and Aaron Jan are masters of tone and concept, injecting sincerity and emotional resonance into their slightly absurdist, stylized productions." – *Istvan Reviews*
